

At Blackthorn Golf Club we believe love of the game knows no age, and that it actually begins very early. To promote and grow the game of golf, we're offering a great summer camp experience for students between the ages of 6 and 13. We offer a fun, positive group environment with team competitions and prizes all week long.

Campers coming to Blackthorn this summer will learn the fundamentals of the game from our instructional staff and coaches who have years of experience on the course. We also place a big emphasis on learning the values and integrity upon which the game of golf was created.

At the end of each camp session on Friday, we have lunch for the kids and an awards ceremony. So take dead aim at the pin and sign up for a great week of golf at an outstanding facility!
